

# EwingCole

## Company Description

EwingCole, in practice for over 48 years, is a nationally recognized, fully integrated architecture, engineering, interior design, and planning firm of 350 professionals with office locations in Philadelphia, Irvine and Washington, DC. A multi-disciplinary practice, we tailor our approach to the specific needs of each project.

At EwingCole, we measure our success by the success of our clients. Our portfolio includes a diverse collection of projects and we take great pride in the range of our work. Our firm has emerged as a leader in the design of continuing care retirement communities, independent living/senior housing, assisted living, skilled nursing care/nursing homes, dementia/alzheimer's care and hospice care.

EwingCole's 25 years of experience in developing senior living campuses and facilities began with the creation of Kendal at Longwood, one of the earliest continuing care retirement communities on the East Coast. Since 1990, we have designed and constructed over \$500 million in senior living projects. Through our long-standing relationships and close collaborations within the senior living field, we are able to offer comprehensive services that reflect project goals and needs.

**Geographic Area Served:** U.S. & Canada

**Segments Served:** SNF, AL, IL, CCRC

## 2010/2011 Product & Service Innovations
