

STANLEY[®]**Healthcare Solutions**

Company Description

Stanley Healthcare Solutions offers innovative solutions that help skilled nursing, assisted living, and independent living communities proactively manage wandering, prevent falls, respond to emergencies, and increase overall resident safety and independence. Our products include some of the most recognizable and trusted brands in long term care, including WanderGuard[®] and RoamAlert[®] departure alert systems, Arial[®] and MyCall wireless call systems, TABS[®], BedCheck[®], UMP[®] and MicroTech[®] bed and chair alarms, as well as a variety of security offerings.

A nation-wide fleet of mobile employee technicians enable us to provide comprehensive, unparalleled, after-the-sale service to our customers. Stanley Healthcare Solutions is a division of The Stanley Works, a S&P 500 company in business for over 165 years.

Many of the most respected corporations in senior care trust Stanley Healthcare Solutions for their security needs, including: Sunrise Senior Living, SavaSeniorCare Administrative Services, Fundamental Administrative Services, HCR/ManorCare, Trilogy Health Services, American Baptist Homes of the West, Presbyterian Manors of Mid-America, Southern California Presbyterian Homes, Nexion Health, Inc., Life Care Centers of America, Benedictine Health Systems, Evangelical Lutheran Good Samaritan Society, National Church Residences, and many more.

Geographic Area Served: U.S. & Canada

Segments Served: SNF, AL, IL, CCRC

2010/2011 Product & Service Innovations

- **Software or Web-Based Tracking of System Events** to give your staff the facts to make powerful decisions.
- **Expanded Service Plans** for your organization with factory trained employees at your service.
- **Ability to bring an entire Stanley Solution to the table for healthcare facilities nationwide:** We will bring employees to your sites from start to finish for community analysis all the way to the implementation of each system (Security, Doors, Cameras, Access Control, Fire, Wandering, Nurse Call, Fall Prevention, etc.).

Suggested Consultative Discussions

- **We'll share best practice stories of resident safety and security systems within the industry** and how to best manage and maintain these systems.
- **Future Trends in Resident Safety & Security Systems:** We will share with you where the future of resident safety is headed and how to best position your facilities to be there. We'll also share best practices from our existing customer base, exceeding 15,000 facilities.
- **Let us share with you the benefits of factory employee service and nationwide coverage by the manufacturer to support your life safety systems:** There are many benefits to working directly with the manufacturer for servicing needs and system expertise when you most need it.
