

Company Description

Walgreens serves the unique medication needs of seniors living in senior-living communities through our long term care pharmacy services. Our complete medication management program includes compliance packaging that simplifies the medication pass process and provides your staff with more time to care for residents.

Walgreens is committed to helping communities effectively manage the entire medication management process and bring the best geriatric-focused pharmacy care to residents while controlling costs. This commitment is demonstrated by our investment in knowledgeable staff, including geriatric clinical experts and proven dispensing and distribution systems.

We are also dedicated to utilizing technology in order to better serve the communities we work with and their residents. We support e-MAR, automated e-Kit, and e-prescribing systems to help lower costs while improving health outcomes.

Walgreens is a single-source provider of cost-effective pharmacy and related healthcare services. We are a Fortune 50 company, named to Fortune magazine's Most Admired Companies list for the 16th consecutive year.

Geographic Area Served: U.S. Only

Segments Served: SNF, AL, IL, CCRC

2010/2011 Product & Service Innovations

- **First Dose Compliance Packaging:** With just one phone call, first dose medications are filled through your local Walgreens pharmacy and packaged in blister cards.
- **E-MAR:** We offer an affordable e-MAR system to help improve efficiencies, reduce regulatory violations, and streamline communications through our truly bidirectional messaging center.
- **E-Kit:** We can provide an automated e-Kit that allows you to control access, offers an intuitive interface and provides accurate billing reports and documentation.

Suggested Consultative Discussions

- **Pharmacy Delivery Model Overhaul:** We feel the time is right for an overhaul of the long term care pharmacy delivery model. We'll share how we think it could be done.
- **Performance Guarantees:** We'll tell you about some measurements we think pharmacy providers should stand behind with performance guarantees.
- **Consultant Pharmacists:** We would like to discuss the best practices of consultant pharmacists and how they can increase the length of stay at your communities.
